Extension page: <http://ecommerce.aheadworks.com/magento-extensions/social-media-bundle.html>

It goes without saying that social networks are an effective tool to increase the quantity of store customers. They can be used to announce promotions or discounts and spread this news within social communities. The Social Media Bundle extension delivers all features of Twitter, Facebook and Google+ with one installation.

Installation

1. Backup your web directory and store database.

[Click to view details](#)

You can make backup copies with any tool you find appropriate

If you are going to use the native Magento backup function, navigate to **System -> Tools -> Backups** and perform **System** and **Database** backups

2. Log in to the Magento backend

3. Disable compilation

[Click to view details](#)

Navigate to **System -> Tools -> Compilation**.

If Compiler status is Disabled, you can skip to the next step

If Compiler is enabled, disable it.

IMPORTANT: after the extension is installed, you can enable the compilation again; **IT IS CRUCIAL** that you use **"Run Compilation Process"** function, not just "Enable button"

Compilation Enable Run Compilation Process

Compilation State

Compiler Status	Disabled
Compilation State	Compiled
Collected Files Count	7505
Compiled Scopes Count	4

Installing an extension with the Compilation enabled will result in store downtime.

4. Flush store cache

Click to view details

You can flush the store cache in 2 ways:

- **via the backend:**

Navigate to **System -> Cache Management** menu, and click **Flush Magento Cache** button

Cache Storage Management Flush Magento Cache Flush Cache Storage

Select All | Unselect All | Select Visible | Unselect Visible | 0 items selected Actions Refresh Submit

Cache Type	Description	Associated Tags	Status
<input type="checkbox"/> Configuration	System(config.xml, local.xml) and modules configuration files(config.xml).	CONFIG	ENABLED
<input type="checkbox"/> Layouts	Layout building instructions.	LAYOUT_GENERAL_CACHE_TAG	ENABLED
<input type="checkbox"/> Blocks HTML output	Page blocks HTML.	BLOCK_HTML	ENABLED

- **via filesystem:**

On your server, navigate to Magento root folder, then proceed to **/var/cache/**; delete all the content there.

5. Download the extension package from your account and extract the downloaded archive

6. Copy the content of **/Step_1/** folder to your store's root directory

If you are using a custom theme, read the instructions here.

In case you are using a custom theme, it is recommended to copy the design files to your current theme's folders. In case there are several themes in use at the same store, the design files must be copied to each of them.

- Find this folder in the package: `/step_1/app/design/frontend/base/default/` ; copy its content to `/app/design/frontend/[your_package]/[your_theme]/`
- Find this folder in the package: `/step_1/skin/frontend/base/default/` ; copy its content to `/skin/frontend/[your_package]/[your_theme]/`

7. Copy the content of **/Step_2/** folder to your store's root directory

Description

Social Media Bundle represents a set of the extensions responsible for particular social network integration.

It does not have any settings on it's own. All the included extensions settings can be found in the corresponding backend sections under **System > Configuration > AheadWorks extensions**.

Social Media Bundle introduces the following social integration extensions to the store:

- **Facebook Link**;
- **Twitter Integration**;
- **Google Integration**;
- **Pin Button** (Pin Button extension is not distributed independently).

Please refer to the corresponding product pages for more information on the extensions included.

Documentation

As stated in the section above **Social Media Bundle** - is a set of the extensions representing corresponding social networks.

Documentation for every extension can be found under **Docs & Articles** tab at the extension pages at **AheadWorks store**.

- **Facebook Link readme**;
- **Twitter Integration readme**;
- **Google Integration readme**;
- **Pin Button readme**.

You can always find the latest version of the software, full documentation, demos, screenshots and reviews at <http://ecommerce.aheadworks.com>
